Description

Leaves: crimson in spring, becoming variegated with shiny red. The colour gets bolder in May, June and July. The autumn colour is purplish red. A unique, very impressive colour. Variety as yet only very rarely grown. First introduced in Europe by Guy Maillot.

Small size delivered trees about 20/25 cm height.

Be careful trees potted in spring 2021 don't touch the root ball before spring 2022.

Technical description

Species	Acer amoenum
Variety	Yama momiji fujinami nishiki
Leaf colour	Variegated leaves
Leaf shape	Palmated
Adult height	Between 2 and 4 meters
Shape	Natural
Exposure	Sun
