

## Copper watering can nozzle 55 cm long

Lance d'arrosage en cuivre

ref. 5962

[+] [Show on the website](#)

### Description

Ø of the head 3.5 cm. Length 55 cm. In yellow copper, this long watering can nozzle attachment stretches into hard to reach areas of your garden. It has a removable nozzle and pours out a fine rain. Indispensable if you have outdoor bonsai. It can be conveniently connected to a garden hose. Spare head available. Handmade in Japan, see the photos of how it's made [here](#).
