Description

Height of the only tree : 560 mm. Width of the branches : 440 mm.
Dimensions of the Old Japanese quality non-enamelled pot, round form : 300*120 mm.

Very short and softly blue toned needles.

Moyogi style. Diameter of the trunk : about 70 mm. Superb nebari : 130 mm.

This bonsai is more than 50 years old and comes from yamadori from more than 40 years ago, perfectly ramified and a perfect conicity of the trunk. No grafting mark because this is a natural seedling. Quality bonsai for passionate bonsai lover. The beautiful curves of the trunk and the good position of the branches make that bonsai a great quality tree. Completely reformed in February 2020, cutting and ligaturing. Currently ligatured, it will be necessary to take off the wires during 2021 season.

Origin : Master Okumura's nursery.

Shelf not included. Photographed in July 2020.
