### Description

Coming from a hybridization of Hosta Blue Dimples and Hosta Shining tot.

This hosta variety is miniature.

Height : about 10/20 cm.

Width : about 30/35 cm.

Dimensions of the leaves : 9x5 cm.

Shiny leaves, green/yellow color in the very end of spring that turn to apple green during summer.

Medium size flowers, mauve/lilas color. Flowering in July/August.

This variety is known for its strenght against slugs attacks.

**Big rhizome delivered in a 1 liter plastic pot.**
