### Description

Coming from a hybridization of Hosta Manhattan and Hosta Golden gate.

Height : about 70/80 cm.

Width : about 120/150 cm.

Impressing hosta because of the big size of this variety.

Dimensions of the leaves : about 33x25 cm.

The leaves are yellow, heart-shaped, and the sides are corrugated. The leaves turn to golden yellow as the season goes on, much charm.

The flowers have a clear lavender color and appear in summer.

**Big rhizome delivered in a 1 liter plastic pot.**
