

Hosta lakeside color blue

Hosta lakeside color blue

ref. 11071

[\[+\] Show on the website](#)

Description

Coming from a hybridization of Hosta Lakeside blue jeans.

Height : about 55/60 cm.

Width : about 50/60 cm.

Dimensions of the leaves : about 23x23 cm.

The erected leaves, almost round and softly twisted on themselves, vary between green and intense blue colors.

The flowers have a beautiful white tone and appear in the beginning of summer.

Big rhizome delivered in a 1 liter plastic pot.
