Description

Vivacious plant, rhizomes. Leaves 40/50 mm. Delivered as a strong two-year old tuft in a plastic 12*12 cm pot.

At the start of summer the rhodohypoxis 'fairy kisses' spiky, slightly furry green leaves are surrounded by numerous 10/15 mm flowers in sumptuous colours. Flowering lasts for between 3 and 4 weeks. Light pink colour. The foliage dies back in winter when it's best to keep the plant away from frosts in a cold greenhouse with almost no water.
