

Acer palmatum 'asahi-zuru'

Japanese maple

ref. 1199

[\[+\] Show on the website](#)

Description

Description: Palmate maple descended from a cutting.
Delivered in a plastic pot.

Plant branched out 3/4 cm.

Ø of crown 3/5 mm. Asahi-zuru means rising sun and, like its name, this Japanese maple has pink, cream and green-coloured foliage that turns to orange, yellow and red in autumn. The young bark has pink and white veins. It's a fast-growing, easy variety to cultivate.
