Description

Leaves: yellowish green to whitish green in spring, with clearly visible green ribs and brown tips. Variegated light green and dark green in summer. Splendid in autumn! From salmon pink through yellow to fiery red.

"In response to the growing demand in Europe for collectible varieties, this year I'm offering high-quality plants at more affordable prices. These young plants, ranging in height from 10 to 20 centimeters, are perfect for enhancing your collection from the very beginning of their development. Please note: they must remain in their original pots until spring 2026."
