Description

Exceptional large-size Jita with beautifully carved edges.

This authentic Japanese handcrafted piece is of outstanding quality. Thickness approx. 8 mm. Dimensions: approx. 405 × 270 mm. One of a kind. Made from thin, varnished fruitwood (plum, quince, cherry, etc.), it is designed for the elegant display of companion plants (kusamono), small bonsai, or figurines. Special Japanese craftsmanship, signed by Master Iso SAKU-san. A unique piece with remarkable carved finishing.
