Description

Height of the only tree: 240 mm, branch width : 330 mm. High-quality signed Japanese navy blue glazed pottery from Tokoname, measuring: 250*190*55 mm.

Moyogi style. Trunk diameter: 120 mm, nebari: 210 mm.

Well-formed and branched trays without significant cutting wounds or heavy wire injuries.

For an aware collector. Superb subject from the nurseries of Mr. Shiino Kentaro, a nursery known within the Japanese professional community for the beauty of its productions.

Crafted from start to finish since its cutting, over 40-45 years of dedicated work.

The Burger maple is an easy-to-cultivate species due to its strong vigor; it tolerates cutting well and can even be defoliated twice a year if needed, at the end of May and the beginning of July.

The authentic natural bonsai radiating its complete harmony and evoking emotions to the viewer.

Photographed in April 2023.

Autumn reveals its splendor in a palette of red-orange colors, providing a captivating visual spectacle. Sold without bonsai stand.
