

## Nozzle for 4/6-litre watering can

› Bonsai tools › Watering equipment › Copper watering can

ref. 4352

[\[+\] Show on the website](#)

### Description

Made in Japan, this round copper nozzle is used by Japanese bonsai experts. It has a 35 mm head, an interior mouth diameter of 16 mm and 18mm outside. This matches our Japanese copper 4/6-litre watering cans. The holes are pierced with a lazer resulting in an even and regular jet of water more appropriate for bonsai.
