### Description

Hosta 'Raspberry Sundae' is like the dessert in that it has distinctive red leafstalks swirled with white-cream coloured small leaves, with green-yellow margins. Lavender flowers in July.

Height: 20 cm x 50 cm wide.

Leaves 8/10 cm long x 6/8 cm wide.

It may be placed at a half-shady exposure in June/July, as it's called Raspberry Sundae, we would like to eat it.

**Big rhizome delivered in a 1 litre plastic container.**
