Our garden items (ponds, granite lanterns, stones, and stepping stones) are generally stored outdoors. The natural patina and aged appearance developed (lichens and mosses) add an extra layer of authenticity, which is highly appreciated in traditional Japanese garden art. **We even offer the possibility to ship it to Europe, providing a customized quote for you. Please note: Due to the dimensions and weight of this item, shipping costs may be adjusted according to the actual cost, depending on the accessibility of your address and any necessary lifting equipment for delivery. The €350 flat rate is provided as an estimate and could be revised based on the specific circumstances of your delivery address.**
