Description

Height of the only tree: 680 mm. Branch width: 660 mm. Trunk base: 150-160 mm. Quality Japanese handmade unglazed pottery in gray-green color: 450*340*130 mm. Moyogi style.

A beautiful bonsai with perfectly formed bark, sourced from yamadori without significant pruning wounds or strong wire marks.

Selected by Guy Maillot for the beauty of its jin and shari, this tree is over 80-90 years old.

Reshaped in February 2020 by Mr. Tomoya Nishikawa.

Originating from Master Tomoya Nishikawa's garden. Admire the beauty of its trunk, weathered over the years, with a patina from the elements.

Notice the small tree at the bottom right, giving it a style resembling a Siamese double trunk.

Cutting and ligaturing would further enhance this small tree, eliciting more emotions from the viewer. Sold without its stand.

Photographed in November 2023.
