Description

Outside measurements: Ø 165*52 mm. Interior measurements: Ø 132*40 mm. If you're obsessed with bonsai like us you'll need a beautiful pot to highlight your tree. There's a whole world of bonsai pots to appreciate at Maillot-Bonsai and those by the Czech potter Josef Valuch are of the highest quality. His clay pots are not only for bonsai; any pot plant or flower will be highlighted by the potteries' organic forms and grainy texture that's pleasurable to the touch. Each pot is made by hand from frost-resistant sandstone and fired to a high temperature for added strength. This black pot features a rough interior showing the potter's tool marks, which also makes it easy to lift out the tree when repotting.
