Width of the whole tree 70 cm.

Ø of trunk 1.5/2/3 cm

Brown non-enamelled pot: 45*38*5 cm.

Sold without presentation shelf.

A five-needle Japanese pine bonsai in kabudachi style with seven trunks. This tree is more than 40-45 years old and has an especially attractive bark. It requires full sun. It's possible to re-form it by wiring the lower branches. This outdoor coniferous bonsai was imported from Me SHIINO Kentaro's nursery in Japan.
