

MAILLOT BONSAI

Juniperus chinensis var : itoigawa ref: 702014at1

› Young trees

ref. 8784

[+] [Show on the website](#)

Description

Height of the tree only: 35 cm.

Training pot: Ø 19*8.5 cm.

To start making a bonsai buy this juniperus, which is 15 years old, and enjoy pruning its foliage in your desired shape. This tree has been grown from a cutting and is still in its training pot. It has a beautiful, sinuous trunk that will produce harmonious branches, and you can practise carving shari on the trunk.
