

## Pinus pentaphylla bonsai ref: 300901515

*Pin a 5 aiguilles multi troncs*

ref. 9260

[+] [Show on the website](#)

### Description

Height of the tree only: 105 cm.

Width: 80 cm.

Traditional non-enamelled riveted pot: Ø 35\*9.5 cm.

One of our masterpieces, this pinus parviflora is an exceptional triple-trunk tree in kabudachi style. It's 50 years old, reflected in the flaky, aged bark. This variety has short needles fit for bonsai and it was grown from a seedling. The sinuous, curvy trunks have a natural cohesion, the largest measuring 5cm in diameter, the others 1.5-2cm and the base 11cm. There are no major wounds or traces of cut branches. This tree is from the nursery of a friend and colleague of Maillot-Bonsai, the artist Ken Fujiwara. He reshaped the tree in March 2013.
