### Description

Height of the tree only: 33 cm.

Length of the bough: 42 cm.

Trunk Ø 6/8 cm.

Brown non-enamelled quality pot: 30\*24\*8 cm.

Sold without presentation shelf.

This splendid 35 to 40-year-old five-needle Japanese white pine has a graceful movement in typical moyogi style. The trunk is covered in flaky, silvery bark characteristic of the *pinus pentaphylla*. It was imported from the Ken FUJIWARA Nagoya nursery in Japan. The branches are well proportioned and there are no major signs of wounds or cut branches.

Photo taken September 2015. The wire was taken off in December 2015 after the tree was trained into shape, and today it's sold without wire binding.
